Professional Experience

Jenga Tech

Junior Software Engineer

January 2025 - August 2025

Abia, Nigeria

- Developed and deployed full-stack applications using React.js, Next.js, Python, and Django with RESTful API design and database management
- Collaborated with cross-functional teams using Git/GitHub, deploying production applications via Vercel and Netlify

Eva Enterprise

Intern Frontend Developer

September 2024 - December 2024

Abia, Nigeria

- Built responsive web applications using React.js, translating design mockups into functional interfaces across all device sizes
- Applied modern frontend best practices including component reusability, state management, and performance optimization

Projects

Transcriber + Translator App | Text & Speech conversion

Next.js, TypeScript, FastAPI, Tailwind CSS

🔗 <https://transcribe-gray.vercel.app/>

- Built transcriber + translator app that converts text to speech, speech to text and translates across multiple languages
- Handled multiple audio formats, ensuring robust compatibility (MP3, WAV, OGG, etc.)

Product Menu | Restaurant Ordering System

React.js, JavaScript, Tailwind

🔗 <https://product-list-vite.vercel.app/>

- Created restaurant ordering system with shopping cart functionality such as Add, Remove
- Created a check out feature for the ordering system

Health Care Blog

Next.js, TypeScript, FastAPI, Zustand

🔗 <https://primehealthcare.vercel.app/>

- Developed a blog that shares health tips and also educated users
- Added an authentication feature for the admin to manage the blog

Education

Jenga Tech Institute

Software Engineering

January 2024 -December 2024

Diploma

Imo State University

Medical Laboratory Science

September 2015 - September 2020

Bachelor Degree
